HANCOCK 1981

Ten years ago the late Senator Robert English wrote the following in the Town Report:

It is just not possible to categorize the Hancock of today. Is it a retirement hideaway? A summer resort? A suburb of Peterborough? It is easier to say what it is not. It is not a manufacturing or trade center, nor is it a farming area and despite acres and acres of woodlands it currently produces little timber or cordwood. What we do is so varied as to excite curiosity. The list would be long and interesting. There are citizens whose home is here who are working in Madagascar, in the Bahamas, etc. Several commute weekly to New York City or Washington, not to mention places within 75 miles. Weekenders, mostly from Boston area, own places and keep them up. Try to find a name on the checklist who isn't up to something interesting.

With only a few minor changes of words, the 1971 report could still describe Hancock and its people today. Here then is 1981 in review.

Thirteen-year-old Cheryl Cass, recovering from back surgery, received a total of 103,047 business cards in response to nation-wide newspaper requests for cards to add to her collection.

In January, Ernest Adams received the Perley Dunbar award for the Sportsman of the year. Grateful people gathered at the church for a service of thanksgiving for the release of American hostages in Iran. Chinese New Year was observed by children at the Elementary School, with a variety of projects and a visit to the home of Heather Robinson to sample some Chinese cooking.

Library exhibits in January and throughout the year continued to reveal the abundance of local talent we enjoy — Beaver Island carved decoys by Harold and Janet Stout, work of Conval art students, a sea shell collection of Madolyn Pendleton, paintings by Jo Ann Stover and Grace Way, and decorated boxes of Augusta Dillon, to name a few.

In February, Mrs. George Hampson became the first woman to be elected Chairman of the Church Council. The Fire Department moved into the new fire station and later in June held an open house for the community.

March saw one of the briefest Town Meetings, a two-hour session during which most articles passed without a murmur.

Earl Otis was 99 years old in March, followed by Chet Whiting who turned 90 in April and Burt Manning who turned 90 in May. Nelson Ingalls celebrated his 86th birthday in June and Joe Quinn celebrated his 85th in April.

In April the Sportsman's Club gave a well-attended program on the traditional Indian art of making snowshoes. The Conservation Commission held its annual clean-up of roadside litter and a NH bottle bill was defeated by the Legislature.

The Hancock Preschool conducted its second successful fund-raising flea market and the Little Village Nursery School completed its first year of operation.

Richard Amidon began his first year as Representative to the NH Legislature, following his election in the fall of 1980.

The Harris Center continued to have a variety of informative activities, including programs on reptiles, care of fruit trees, nature photography and tree leaf-eating caterpillars.

In May, Chester and Nancy Allen, Prospect Hill, took first and second places for their entries in the Northeast Daffodil Show. Thelma Strombeck graduated cum laude from Hamilton College, Clinton, NY.

Top O' The Meadows Herb Shop opened at the Old Antrim Road home of Ed and Barbie Burt. Scout leader Helene Wardman attended the Convention of Girl Scouts of America in Houston, Texas, as a Swift Water Council delegate.

One of the year's most dramatic and well-remembered events took place in July when Hancock hosted the Marais Boys Choir from France. Members of the choir, who performed Parisian sacred music in concert at the Town Hall, were guests of residents during their three day stay. The tour stop in Hancock was partly due to the efforts of Cecil Lyons and Marie Ceres, grandmother of three of the choir members.

Dr. John Wilbur was honored jointly by the National Aeronautics and Space Administration and the Department of Energy at ceremonies in Cleveland, Ohio, for his work as Chief Engineer of the Vt. Smith-Putnam Wind Turbine Project.

Nine towns participated in the third muster sponsored by the H.F.D. at the ballfield in July. Almon Senachal received official thanks from the Little League team members and parents for his work as coach for 11 years. An anonymous gift of \$500 initiated the Ted Wells Library Building Fund. And, the library was the scene of a rock 'n' roll party for about 20 teenagers, supervised by Doris Rogers and Anne and Larry Hayes.

Swim instructors Nancy Carney and Holly Sullivan gave a Water Carnival for their pupils in August. Old Home Day members spent many hours organizing activities and events for another fine celebration. Col. C. William Bradley was honored at a retirement ceremony after 26 years of duty in the USAF.

In September the Depot Association held an auction to raise funds to complete exterior restoration (Phase III) on the 100-year-old building. The William Weston family brought home a "bunch of blue ribbons" for their sheep and lambs shown at regional fairs.

Adam Blanchette built a "Russian fireplace" on his Duncan Road home.

In October Hancock Alumni presented a donation to the HFD rescue unit in honor of Roy Finan, their 1931 classmate who died.

Sargent Camp's new Northern Lodge was dedicated, replacing the original two-story log structure destroyed by fire in December, 1979.

The Hospital Auxiliary continued to offer the free use of hospital equipment and health aids to Hancock residents through its equipment loan program begun 16 years ago.

Firemen and police averted a drowning Halloween night when they assisted in the rescue of a man from an overturned canoe on Willard Pond.

Family ties in Hancock remain strong. A framed picture of William Barrett Washburn was presented to the Library in November.

In December the Woman's Club presented a Holiday Tour of five Hancock homes, decorated for Christmas in a variety of themes.

The Water Study Committee, which met frequently during the year, printed its report and recommendations.

109 acres of land on Cobb Hill was donated to the Conservation Commission by the Cobb Hill Trust.

The year ended with a gala New Year's Eve dance and buffet at the fire station.

Nancy Adams

SELECTMEN'S REPORT

This year in Hancock it seemed a little easier to be a Selectman than it has in the recent past. Sure, we've had the usual increase in the number of crises but the level of competence of our key people has risen to meet them in a gratifying way.

Accordingly, we would like to use this report to pay tribute to those Town employees whose professionalism adds so much to the quality of life in Hancock.

Within the past few years the Selectmen have presided over the complete rebuilding of the Police and Highway Departments. This was a difficult task but the results have been well worth the effort. We couldn't be prouder of the way Police Chief Ed Coughlan and Road Agent Joe Hugron have organized their departments to meet the needs of the Town.

In order to maintain a clear perspective of Town affairs the Selectmen must have accurate records kept in such a way that information is available when needed. Barbara Caverly, our Administrative Assistant has done an exceptional job of transforming our recordkeeping system from a time consuming burden into an effective tool for the Selectmen. Barbara's unfailing good nature makes dealing with the Town a pleasure for almost everyone.

Hancock has always acknowledged its good fortune at having so many talented citizens who are willing to work for the Town. We are no less fortunate in the quality and dedication of the hired help.

SUMMARY OF MINUTES OF 1981 TOWN MEETING

Article 1: Harry Casler and Parker Starratt were elected as auditors for the ensuing year; Donald Lancey was elected sexton for the ensuing year.

Article 2: The town accepted the budget in the amount of \$345,488 for estimated expenses, and the necessary sums for County tax, deduct the revenues and credits and raise the balance by taxation.

Article 3: Ballot Vote: Yes - 227, No - 40.

Article 4: Ballot Vote: Yes - 232, No - 39.

Article 5: Ballot Vote: Yes - 197, No - 39.

Article 6: The town voted to withdraw \$10,424 from Revenue Sharing Funds for repair and improvements to Town buildings.

Article 7: The town voted to accept and appropriate \$10,089.26 in increased Municipal Highway Subsidy Funds for reconstruction work on Middle Hancock Road.

Article 8: The town voted \$3,748.32 for the Monadnock Community Visiting Nurse Association.

Article 9: The town appropriated up to \$1,500 for the town's share of reconstructing the driveway in front of the Town Hall.

Article 10: The town voted \$1,126.54 to be supplemented by \$7,510.24 from the State for the Town Road Aid Program for this year.

Article 11: The town voted \$1,000 for the Library Improvement Reserve Fund.

Article 12: The town voted against joining the Southwestern New Hampshire Regional Planning Commission.

Article 13: The town raised \$594.50 for the Monadnock Family and Mental Health Service.

Article 14: The town raised \$200 for the purchase of property by the Conservation Commission.

Article 15: The town voted against joining the Monadnock Region Association.

Article 16: The town voted to accept one rescue vehicle and other equipment from the Hancock Fire Department.

Article 17: The town voted to discontinue a portion of the Old Nelson Road separating lots 42 and 43 on Tax Map R-3.

Article 18: It was voted to pass over this article.

Article 19: The town authorized the selectmen to borrow money in anticipation of taxes.

Article 20: The town accepted \$200 for a cemetery trust fund and \$25 as a gift to the Eustis Library fund.

Article 21: The reports of the auditors and committees were accepted as printed in the Town Report. A progress report of the Water Study Committee was read.

Article 22: A motion concerning the proposed name of the fire department was tabled. It was voted the town's expression of appreciation be noted to Elijah West for his allowing the town to purchase the land where the fire department is at a modest price.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hancock in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the TOWN HALL in said Hancock on Tuesday, the ninth day of March next at 10 of the clock in the forenoon for ballot voting of Town Officers and all other matters requiring ballot vote; and, to meet at said TOWN HALL in said Hancock on Saturday, the 13th day of March next at one of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to adopt, effective April 1, 1982, the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax. These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a N.H. resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000 or if married a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence.
4. To see if the Town will vote to authorize withdrawal from the Federal Revenue Sharing Fund for use as a setoff against the following debt service.

PURPOSE

Interest on Fire Station Note	\$7,080.63
Interest on Highway Department Bldg.	2,000.00
	<hr/>
	\$9,080.63

5. To see if the Town will raise and appropriate the sum of one thousand one hundred twenty-one dollars and three cents (\$1,121.03) to be supplemented by seven thousand four hundred seventy-three dollars and fifty-five cents (\$7,473.55) from the State for the Town Road Aid Program, or take any other action relating thereto.
6. To see if the Town will accept and appropriate the sum of nine thousand five hundred seventy-six dollars and forty-six cents (\$9,576.46) in increased Municipal Highway Subsidy Funds. This sum to be expended for reconstruction work on Middle Hancock Road, or take any other action relating thereto.
7. To see if the Town will raise and appropriate the sum of one thousand dollars (\$1,000) for the Library Improvement Reserve Fund. This sum to be allowed to accumulate from year to year or to be expended by the Library Trustees or to be added to by gifts of money, or take any other action relating thereto.

8. To see if the Town will vote to join the Southwestern New Hampshire Regional Planning Commission and raise and appropriate the sum of one thousand fifty-six dollars (\$1,056) as its membership assessment, or take any other action relating thereto.

9. To see if the Town will raise and appropriate the sum of one hundred fifty dollars (\$150) for the support of the Monadnock Region Association, or take any other action relating thereto.

10. To see if the Town will raise and appropriate a sum not to exceed eight thousand five hundred dollars (\$8,500) for the purchase of a new police cruiser and to authorize the Selectmen to sell the existing cruiser and apply the proceeds to reduce the purchase price, or take any other action relating thereto.

11. To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100) for the support of the Grand Monadnock Arts Council, or take any other action relating thereto.

12. To see if the Town will raise and appropriate seven thousand five hundred dollars (\$7,500) to be supplemented by twelve thousand five hundred dollars (\$12,500) from the Water Department Equipment Fund, to undertake an engineering study to evaluate, identify and recommend the treatment necessary to meet the requirements of the State with regard to the Safe Drinking Water Act, or take any other action relating thereto.

13. To see if the Town will vote to pay the Town Clerk an annual salary, to be determined by the Selectmen, in lieu of fees. All fees collected by the Town Clerk shall be paid to the Town Treasurer monthly, or take any other action relating thereto.

14. To see if the Town will vote to pay the Tax Collector an annual salary to be determined by the Selectmen, in lieu of fees. All fees collected by the Tax Collector shall be paid to the Town Treasurer monthly, or take any other action relating thereto.

15. To see if the Town will raise and appropriate the sum of eleven thousand eight hundred dollars (\$11,800) to purchase and refurbish a used road grader for the Highway Department, or take any other action relating thereto.

16. To see if the Town will raise and appropriate the sum of three thousand two hundred sixty-eight dollars and eighty-two cents (\$3,268.82) to support the services of the Monadnock Community Visiting Nurse Association, Inc. This local request for financial support is based on a \$2.74 per capita formula. Or, take any other action relating thereto.

17. To see if the Town will raise and appropriate the sum of two thousand dollars (\$2,000) to erect a fence at the Town Beach, or take any other action relating thereto.

18. To see if the Town will raise and appropriate the sum of five hundred ninety-four dollars and fifty cents (\$594.50) to support the Mental Health Program of the

Monadnock Family and Mental Health service, or take any other action relating thereto.

19. To see if the Town will raise and appropriate the sum of four hundred dollars (\$400) to cover the cost of a survey of a parcel of land being given to the Hancock Conservation Commission, or take any other action relating thereto. Said land is at the base of Cobb Hill on Jaquith Road, containing 100 acres more or less.

20. To see if the Town shall ask members of the New Hampshire Congressional delegation to support or co-sponsor a resolution in the U.S. Congress to: "Request the President of the United States to propose to the Soviet Union that the United States and the Soviet Union adopt a mutual freeze on the testing, production, and deployment of nuclear weapons and of missiles and new aircraft designed primarily to deliver nuclear weapons, with verification safeguards satisfactory to both countries. Or, take any other action relating thereto. (By petition)

21. To see if the town will vote to authorize the selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the selectmen as justice may require, or take any other action relating thereto.

22. To see if the Town will vote to ratify the agreement between the Board of Selectmen of the Town of Hancock and George C. and Joy C. Bonnefond establishing the easterly boundary of Brimstone Corner Road from its intersection with Old Antrim Road to land now or formerly of Lessey, or take any other action relating thereto.

23. To see if the Town will authorize the Conservation Commission to spray, at their discretion and with landowners permission, Sevin 4 oil to control Gypsy Moths, or take any other action relating thereto.

24. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, or take any other action relating thereto.

25. To see if the Town will accept gifts and legacies left in trust for the Town, or take any other action relating thereto.

26. To hear the reports of auditors and committees heretofore chosen or take any other action relating thereto.

27. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this seventeenth day of February, in the year of our Lord nineteen hundred and eighty-two.

**WATER STUDY COMMITTEE
RESUME OF PROCEEDINGS
February 20, 1982**

In a letter dated October 9, 1980 the Water Commissioners requested the Selectmen to appoint a Water Study Committee. The purpose of the Committee was to assist in the conduct of Water Department affairs which had become increasingly difficult because of pressures from the State environmental authorities. The New Hampshire Water Supply and Pollution Control Commission had adopted a policy which, for compliance by Hancock, would require extensive alterations to the water system. Another complication was that the then acting Commissioners were new to the job because of several recent resignations from the Hancock Water Commission.

The Water Study Committee was gathered for its first meeting on Nov. 20, 1980. The general plan of procedure agreed upon was as follows:—

- (1) To become familiar with the history, layout and physical plant of the existing system.
- (2) To assemble and study all available correspondence and documents, especially that pertaining to the recent State requirements for alterations to the system.

The above material was assembled, arranged in chronological order and delivered in turn to each member of the Committee for his individual study. Then followed a series of Committee meetings starting on Dec. 2, 1980 and to date there have been a total of 30 formal meetings.

On Dec. 9, 1980 there was a conference in Concord with the Chief of the Water Supply Division, Stephen Leavenworth and his assistant, Harry Stewart. At that time Mr. Leavenworth suggested that Hancock write a letter requesting reconsideration and revision of the compliance schedule which Hancock had submitted in a letter dated Aug. 4, 1980. He also suggested that a Superchlorination/Dechlorination treatment might be acceptable for the Hancock system. He stated that the S/D method would be substantially less expensive than any alternative and he recommended that Hancock should have engineering advice relative to Superchlorination/Dechlorination.

At this point of time the Committee was firmly of the opinion the Juggernaut Pond was a safe and adequate source for Hancock water supply. It was believed that if the distribution system was improved, and any points of contamination eliminated, then Hancock should be entitled to a Variance which would permit continued use of the existing system without major alterations.

It was noted that engineering advice was now needed relative to the improvements that were necessary, also that legal advice should be sought to examine the position of the Town relative to the demands of the State.

A review of all previous engineering studies and reports on the Hancock Water System resulted in a decision to recall two of the Engineering firms for further advice. Accordingly, on Feb. 5, 1981 there was a conference with Environmental Engineers, Inc. who subsequently submitted a proposal for an engineering evaluation of the Juggernaut Pond water supply. On Feb. 11, 1981 there was a conference with Fay, Spofford and Thorndike, Inc. who also submitted a proposal to undertake an engineering evaluation of the water works system.

Town Meeting was held on Mar. 14, 1981. The Water Study Committee submitted a Progress Report which outlined the extent of the studies to that date and indicated the seriousness of the State requirements.

At a meeting on Mar. 23, 1981 it was noted that the letter to the WS&PCC requesting release from the compliance schedule had not been answered. It was pointed out that legal advice might influence the scope of engineering services needed if the State insists on a major alteration. Accordingly, it was agreed to postpone any further consideration of engineering services until after counsel has advised in this particular matter.

After extensive inquiry as to suitable counsel for a matter of this sort the Committee decided to retain Mr. Thomas D. Rath of the Orr and Reno law offices of Concord. He was furnished with all the available material to acquaint him with the situation.

Mr. Rath wrote a 3-page letter to the Hancock Water Department dated May 15, 1981 which stated that he had studied the correspondence and reports, read the Commission's regulations and met with the staff of the Water Supply Division. He strongly urged against any action which would lead to litigation and advised that the superchlorination/dechlorination option be pursued, if for nothing more than to be a basis for relief from the schedule set forth in the letter of Aug. 4, while other alternatives, including possible legislative relief can be considered. The letter of Aug. 4, 1980 had presented the following schedule:—

- A. Ground water exploration by Jul. 1, 1982
- B. Design of necessary facilities (pumping, storage, etc.) ... by Oct. 1, 1984
- C. Construction of these facilities if necessary by Jan. 1, 1988

Mr. Rath found that the Commission was proceeding with full authority to require any treatment it may deem necessary to insure safety and protection to the public health.

In another 3-page letter dated Jan. 25, 1981, in response to our specific inquiries, he expressed the following opinions:—

- (1) **Variance:** It appears unlikely that we could find an engineer with credibility who could testify that our system as it presently exists (including our less than aggressive management capability) could qualify for exemption from the regulations.
- (2) **Non-users:** On voting to see if the Town would make an appropriation it would be within the voter's discretion to accept the expenditure in whole, reject it or apportion the cost between user and non-user in any fashion they might elect.
- (3) **Abandonment:** The Town is under no compulsion to maintain a public water system. If the system were to be closed down, care would have to be taken to construct a reasonable phase-out of operations. While people who have been users for many years cannot force the system to be continued, clearly there would have to be some consideration given to their need to convert to an alternative source.

A joint meeting with the Water Commissioners was held on Jun. 17, 1981 to acquaint them with the proceedings of the Study Committee up to that date. It was agreed that the Hancock Water Department will write a letter to the WS&PCC as recommended by Mr. Leavenworth in the Jun. 4, 1981 conference. This letter will announce the intention to request the next Town Meeting to appropriate funds for an engineering study of Superchlorination/Dechlorination.

At this joint meeting it was noted that there are 61 public water systems in New Hampshire, including some of our neighboring towns, with treatment needs because of surface sources. Also, it was reported there is a S/D treatment plant now operating in Laconia. It was agreed that this Committee should contact some of these other communities to learn how they are responding to the State requirements, hopefully to get some helpful ideas for our benefit.

Accordingly, the Committee have had personal interviews with officials in some neighboring towns and on one occasion a group of five from Hancock went on a field trip to Laconia. At all of our visits we were received very graciously and were given much information and many valuable suggestions for guidance in the pursuit of our own affairs. We are especially grateful for the kindness and help we were given by the following:—

Carroll Johnson — Town of Antrim
Charles Lindsay — Town of Bennington
Kenneth Saunders — Town of Jaffrey
Roger Mathewman — City of Laconia

In July the Committee started a search for the firm they would recommend as best suited to make an engineering study of the Hancock Water System with particular reference to the legal obligations as set forth by the N.H. Water Supply and Pollution Control Commission. From the various interviews and personal contacts and from a study of the recent Water Department files there were many suggestions and recommendations for competent engineers.

By a process of elimination the list was reduced to three names and separate interviews were held with each one. Two of the firms responded with great interest and submitted formal proposals with excellent statements of qualification. They were Hoyle, Tanner & Associates, Inc. of Londonderry, N.H. and Dufresne-Henry, Inc. of North Springfield, Vt. Both of these firms were invited to return for a second interview and further questioning. The last of these meetings was held on Sep. 25, 1981.

On October 27, 1981 the Study Committee met to review the proposals and decide on a preference. It was the unanimous opinion that while they were both well qualified and competent, Dufresne-Henry had been somewhat more innovative in considering alternative methods, therefore it is recommended to the Water Commissioners that Dufresne-Henry, Inc. be retained to make the necessary engineering studies. Further conferences will be required to define the scope of services and to develop the actual fees.

At a joint meeting on Nov. 24, 1981 with the Water Commissioners the Study Committee presented a Resume of their work to that date and the Commissioners agreed they would retain the services of Dufresne-Henry to make a comprehensive study of the water system. Also, consideration was given to an over-haul of the Water Dept. fiscal arrangement and a revision of water rates now charged. Reference was made to the State guide lines which suggest an annual rate of 1% of the median income of the users.

On Dec. 4, 1981 a special meeting was called to consider the reported growing concern among townspeople regarding the financial responsibility for major alterations to the water system. It was agreed that a second legal opinion, to be obtained from the Town Counsel, was advisable.

A joint meeting of the Committee, the Commissioners and the Engineers was held on Dec. 8, 1981 to discuss the work to be done by the Engineers and to obtain an estimate of the initial expense for presentation to the next Town Meeting. It was agreed that the first procedure should be to file a pre-application form with the Farmer's Home Administration to take advantage of any available grants or low interest loans. The second procedure, to start in the spring, is to locate a ground water source, if possible, which will be the gauge to evaluate the cost effectiveness of any alternative treatment. The Engineer's estimate for this preliminary work is \$17,500.

On Jan. 12, 1982 there was a conference with Atty. Fernald, the Town Counsel, to request his legal opinion as to the apportionment of the cost of water system improvements as between the water users and the town as a whole. In a letter to the Water Commission dated Jan. 18, 1982 Mr. Fernald expressed the opinion that it is in the best interest of the town to continue to supply water in the compact section of the community. There is no compulsion by State Law to do so but because of the operation since 1907 there is an implied contract between the town and the water users. On the other hand, he stated, a strong legal argument could be made to make the present users pay the necessary costs of supplying them with water. Mr. Fernald suggests that further legal expense to research that legal question is not warranted at the present time and, hopefully, the results of the engineering study may propose a reasonable solution which will be acceptable to the town as a whole. Mr. Fernald explained that the Town Meeting is authorized by act of the legislature to raise and appropriate such sums as may be necessary to maintain the water system and in his opinion it includes the cost of engineering studies to improve the performance of the system. He suggested that an Article be placed in the 1982 Town Warrant asking for the necessary funds for the initial study, also, he suggested that a part of the cost could properly be taken from the reserve funds of the water system.

Edward P. Wells
Secretary

Harrison L. Kendall
Building Inspector

REPORT OF GENEALOGY COMMITTEE

2-6-82

We have worked hard getting forms circulated to bring to the attention of interested persons wishing to be included in the second volume of the Town History — The Genealogy. We began in the summer of 1980 and by this time had hoped to show more results. Without your help we can progress no further.

We did meet with Mr. Paradis, the publisher, to discuss procedures. He is interested in helping us get this book published as soon as possible. We hope you all feel the same. We have received a few forms, but now are waiting for you to return yours. Until such time, we are unable to commence working on the book.

Respectfully submitted
Sheilia Adams
Sarah W. Hutchins

COMMON COMMISSION REPORT

Well maintained, attractive looking grounds for visitors and townspeople alike of Hancock is the intent and goal of the Common Commission and is being done with the valued assistance and guidance of former Commissioner Merton D. Knowles.

This year, the fountain, at the beginning of Main Street, came in for considerable attention. To make possible its' annual spring-time debut, a rusty malfunctioning pipe had to be replaced. In the fall, extensive digging had to be done to locate and replace a faulty turn-off valve. The ornamental cast iron fountain, dismantled in the early fall, now rests in storage for the winter months.

As has been customary, through many years, the Commission continues to patiently cope with the frequent acts of vandalism incurred by the Bandstand.

Robert A. Danielsen, Chairman
Lawrence B. Hayes
James H. Chenoweth

How much do you know about your library and what it has to offer? Do you realize that nearly all the best sellers, fiction and non-fiction, are available as well as a host of other books? If you are one of many who prefer the "oldies", there's a stackroom full of them and more downstairs. If the book you want is out, tell a librarian and she'll put your name on the waiting list. If it's not in the library, we'll try to borrow it from the State or a neighboring library. The Hancock Town Library is a member of the Nubanusit Cooperative, a group of area libraries that share with each other.

Have you sat at the round table beside the rack which is lined with current magazines for your perusal, or at the Middle Room coffee table with its supply of newspapers? Have you taken home any of the periodicals that are waiting on the shelves under the front windows?

Are you interested in the Stock Market? Your library subscribes to Standard and Poor's market reports and has received from Mrs. Arthur Daniels, a trustee, a subscription to the Wall Street Journal, a daily paper.

Is your eyesight a little dimmer than it used to be? We have an abundance of large print material and can borrow more.

Did you know that we have telephone books for New York City and Boston as well as Concord, Nashua and Manchester in New Hampshire?

Do you enjoy fitting together jigsaw puzzles? There are dozens waiting for your selection.

Are you a music lover? There's a cabinet full of a variety of records waiting to be taken home.

Have you given your children the pleasure of time to browse and choose? We have something for every age from two-year-olds to teens.

Do you have a school assignment, a problem, a question? The librarians will help you locate the information you need.

Are you a lover of art? Every six weeks, thanks to Sally Hamilton, the works of a different artist appear, as if by magic, on the front room walls.

Are you a hobbyist or adept at a particular craft? A glass case is waiting for you to display your creations or collections and enjoy those of others.

Have you visited the basement room, warm in winter and cool in summer, and sat at the reading table with its undisturbed quiet and peace for reading or research?

Do you have a bored shut-in at home? Call the library and tell us the age and interests of your patient. The librarians will prepare a bag of games, puzzles and books to help.

Did you know that a book selection committee which includes Elsie Frank, Harriet Hampson, Marge Hastings, Icy Lent and Doris Rogers would welcome your suggestions?

Did you know that Fran Russ gathers library news and sends it to the local papers, as well as sharing with Marge the responsibility of regular story hours for the "younger set"?

Do you know that your library is open Tuesday and Thursday mornings, afternoons and evenings, as well as Saturday afternoons, for your convenience?

The librarians wish to extend a special thank-you to everyone who helped make 1981 a success. The list is too long to attempt naming individuals. Volunteers, in so many ways, have been invaluable in helping to lighten the load. Gifts of books, magazines, puzzles, records, games and money have been gratefully received. Open houses, one for our teenagers, have been enjoyed. Our trustees continue their dedicated service and valued friendship. It takes us all!

Did you know that Hancock has one of the best small town libraries in the State of New Hampshire?

Have you visited us lately?

The Librarians:

Elsie Frank
Marge Hastings
Icy Lent
Doris Rogers

TOWN LIBRARY TRUSTEES REPORT

During 1981 the Trustees continued the regular monthly meetings attended by the library staff to conduct the business of the library.

We appreciate the assistance during the year of the many volunteers who donated their time to the library aiding the librarians with their duties. This not only kept our operating expense down but helped us stay within our budget.

The library had an open house during the year which was very successful and well attended by both townspeople and outsiders. We plan to continue the practice in 1982 and promote the Ted Wells Building Fund which was established during the year. This fund was started by an anonymous donor with a gift of \$500 in July, and at the end of the year donations have reached a total of \$3,452 plus interest from the investment of this fund.

We realize that the library expansion program is a big undertaking and can only

be accomplished after some years of planning. At the present time we lack space to accommodate current publications even after a very thorough job during the summer weeding out duplicates and old books not in demand. We also would like to separate the children's section from the main part of the library and provide a quiet area (reading or study room) for people who would be disturbed by others just browsing or chatting. This same area could be used for meetings, lectures or provide a place to have audio or visual projection.

We have submitted drawings and specifications detailing the planned enlargement of the library, as illustrated in the Ted Wells model, to contractors for estimated costs. The most reliable quotation received was over \$200,000 based on material and labor. This figure was firm only until Spring 1982. For this reason we will continue to build on our improvement reserve account which is invested at high interest rates. This will lessen the amount necessary to borrow at interest when the time comes to proceed with this program.

John B. Link
Lewis C. Tuttle
Dolores deP. Daniels

RECREATION COMMITTEE REPORT

The recreation committee would like to report on some activities which occurred during 1981:

As usual, the recreation committee and some community members prepare the town beach by installing the docks and raft. In addition, the committee hired five lifeguards, two of whom were swimming instructors. In June, the Red Cross sponsored a first aid course which four lifeguards attended. Also, a CPR course was given in early June for the lifeguards who required this training. Swimming lessons were offered and approximately 100 children participated.

Early August a "water carnival" was held for the children of the town and it too was well attended and greatly enjoyed.

A cordless telephone has been purchased to be used for emergency purposes during the 1982 beach season.

A "town activities calendar" was compiled for the summer months and was available at the Cash Market.

During July, tennis lessons were given twice-a-week to thirty-eight children and adults for a small fee to cover instructors' salaries and purchase of tennis balls when needed.

In the fall the soccer program got underway once again. Goal posts and pennies were purchased for the teams.

Also, for eight weeks in the fall, an adult volleyball night took place on Tuesday evenings in the gym. The players enjoyed the workout and were very enthusiastic.

We thank all involved for their time and effort during 1981.

Respectfully submitted,
The Hancock Recreation Committee

BOARD OF ADJUSTMENT

The Board of Adjustment heard appeals concerning the Hancock Zoning Ordinance and Building Code under specific guidelines established by Town and State law. The purpose of appeals is to allow some flexibility in the ordinances while preserving their spirit and intent. In 1981, the Board heard and approved five applications. All decisions and the reasons therefore are published in local newspapers.

By law, the applicant is responsible for preparing the application and presenting facts which are supportive of the appeal. Since the N.H. Superior Court is the only body which can overturn a decision made by the Board of Adjustment, it is important that the hearing process be conducted correctly and according to an established procedure. To assist property owners wishing to make application, the Board has prepared a booklet about the zoning ordinance which contains instructions concerning the application process and suggestions for presenting the appeal at the required public hearing. This booklet, together with copies of various Town ordinances, may be borrowed from the Hancock Library or the Selectmen's Office.

Persons interested in applying to the Board of Adjustment are urged to read the booklet as a first step. After becoming familiar with the appeal process, it may be appropriate to discuss the matter informally with a member of the Board before submitting the application. Although such discussion is nonbinding on the Board, it may prevent procedural errors which could increase costs. Applicants pay a fee for each public hearing, the amount of which is determined by the cost of required notices.

Respectfully submitted,
Charles W. Robinson, Chairman
Richard W. Dalhaus, Clerk
Paul A. Hughes
George R. Lohmiller
William Weston, Jr.

REPORT OF THE POLICE DEPARTMENT

To the People of Hancock:

There were 2,772 calls to the police department. The following is a breakdown of police matters attended to:

I would like to express my thanks to Police Officers, Mike Cass, Chris Joseph, Fred Lustenberger, Bruce Russell, Chris Streeter, Hancock Fire Department, State Police, and Hillsborough County Dispatch for their assistance and cooperation.

Respectfully submitted,
Edward J. Coughlan Jr.
Chief of Police

1981 REPORT OF THE HANCOCK PLANNING BOARD

The Planning Board in 1981 held twelve regular meetings and one public hearing concerning proposed amendments to the zoning ordinance. No zoning changes are proposed for the 1982 Town Meeting.

The Board approved seven subdivisions during the year.

From May to November a series of monthly meetings was held with a group of interested local residents to review the 1977 town Master Plan and to consider possible changes to the plan. Several suggested amendments are now under consideration by the Board.

ANNUAL REPORT

Richard E. Amidon
State Representative
Hancock and Greenfield

I am pleased to have this opportunity to tell you about what is going on in state government and what the effects are on the people who live in Hancock. This is my first term in the New Hampshire House and I have developed several principal impressions of state government during this session which I would like to share with you. First, most legislators are conscientious, able, and sincere and serve their constituents and their state well. There are surprisingly few incompetents or self-servers although they certainly do exist. Second, I am impressed by the number of high caliber people employed in state government, and conversely, by the mediocrity of many others. What is there about government service that attracts such a sizeable number of people of both extremes? Third, the large legislature and limited power of the executive branch results in a very strong and close citizen representation. I hope that the state will maintain its 400 member House and the present modest pay for its legislators to preserve the citizen-oriented, non-professional nature of its legislature. And I hope that the process of redistricting for conformity to the "one man-one vote" edict of the court does not destroy that close representation.

Among the myriad of bills which were introduced during the regular session were several which were of special interest to many of you. The re-useable container bill (bottle bill) which I supported failed to pass by a few votes. Recent passage of a similar bill in Massachusetts will probably bring about passage of a bottle bill in the next regular session. The House voted not to allow dog racing at Rockingham Park or to subsidize reconstruction of the grandstand or building of a sports arena. This effectively killed the plan of Delaware North Corporation to redevelop the park. I served on the special joint committee which recommended this action and I assure you that it was taken for economic considerations for the State of New Hampshire only and not because of pressure from the Seabrook Greyhound track or anyone else. We passed a bill to allow mobile homes and manufactured housing in all towns subject to reasonable zoning restrictions, a situation which has been provided for in the Hancock Zoning Ordinance for many years. Other towns which had zoned out this type of housing are now forced to provide for it. An abortive law on establishing solid waste districts was passed but its effective date was later postponed in the one-day December session and a new bill is being considered in the current special session.

Of course, as all of you know, the state budget was our greatest problem. The business recession, two poor skiing seasons back-to-back, and the loss of revenue when fire closed down Rockingham Park were the principal reasons that actual revenues came in far below projected levels for the last biennium. Spending norms established during that period when a 33 million dollar initial surplus was treated as current income and deficits occurring because of revenue shortfalls put severe pressure on the budget for the current biennium. As a consequence, state spending was reduced in some areas causing reduction in services and transfer of some programs to local responsibility and funding. The "hodge-podge" of state taxes became worse with substantial increases in many taxes and with the addition of several more. And revenues continued to fall behind projections for the new biennium!

It was a particularly frustrating year for me as a member of the House Ways and Means Committee which is responsible for revenue matters. Pressure developed for an income tax but that bill was referred to interim study which effectively killed it for that session. A new study committee which was charged with studying revenue reform for both the state and the cities and towns was set up as a result of a House-Senate joint resolution. Its members represent business, labor, municipal government, the general public, retired people, education, the executive branch, and both House and Senate. I am fortunate to have been appointed to this committee representing the Speaker of the House. A report is due by December of 1982 and it is hoped that recommendations can be translated into bills to reform the entire revenue-raising process for action in the next regular session.

For this reason as well as my conviction that there are still areas for considerable spending reduction by state government, I intend to oppose during this special session the imposition of a broad-based tax. We need total tax reform on the several levels of government for the real answer to our problems and not the band-aid approach of a hastily-prepared and poorly considered tax of that sort. I will support responsible tax reform when it is available and it may very well include a comprehensive broad-based tax.

This is a time of severe economic pressure and I urge all of you to actively participate in the annual town meeting and school district meeting process. I am convinced that substantial reduction in spending in both areas must be made if tax increases in 1982 are going to be held to a tolerable level. We must consider a single set of priorities where individual town and school expenses are compared with all other expenses, both town and school and each item must stand on its own merit. I am convinced that holding increases within the rate of inflation is not necessarily satisfactory and that we must reduce some and eliminate other services and supplies/equipment previously thought to be necessary. We are talking about re-defining the word "necessary" as it applies to those expense items.

I have thoroughly enjoyed serving as your representative in Concord. Please let me know if I can be of help to you; I represent you not only in the way that I vote but also in the service I can provide as a liason between you and state government. I also want to thank you for the many letters, calls, and direct contact which I have received and which have helped me to make my voting decisions. I appreciate your help.

REPORT OF THE SANITARY LANDFILL COMMITTEE

The present landfill started operation in 1975 after a very extensive study and a great effort by dedicated Hancock citizens.

Last summer, Ted Wells and Karl Upton, who did the original survey, completed another one to determine the present status of the facility. The results, shown below, were very close to the original estimates, both in population growth and landfill accumulation.

SUMMARY OF CALCULATIONS — SURVEY OF JULY 1981

1. Accumulation — 1975-1981	10843 cu/yds
Additional fill in old dump	100
	10943 cu/yds
2. Fill required to raise east end to elevation 840 ft.	1258 cu/yds
3. Balance of capacity to fill 300 ft. circle to 856 ft. inc. item 2.	
a. 300' cylinder	29306 c/y
b. Slopes	5635 c/y
	34941 cu/yds

Data —

1975-1976 accumulation — 1680 cu/yds

@1000 lbs/cu/yd=1,680,000 Lbs

Population 1000=1680 lbs/person ÷ 365=4.6 lbs/person/day

Using 2000 lbs=2 cu/yds/person/yr.

Year	Population	Accum/yr.	Accum. to date	
1977	1274			
78	1355			
79	—			
80	1386			
81	1400			
82	1455	2910	2910	
83	1515	3030	5940	
84	1570	3140	9080	
85	1630	3260	12340	
86	1690	3380	15720	
87	1750	3500	19220	
88	1805	3610	22830	
89	1865	3730	26560	
90	1920	3840	30400	
91	1980	3960	34360	— 10 yrs
92	2040	4080	38440	

These calculations assume that the rate of accumulation per person per year will remain the same. Various factors govern the rate and an increase could of course decrease the life of the dump.

An additional survey was completed in Dec. 1981 by Ted, Karl and the committee for a proposed extension of the landfill. This extension, if approved, would probably extend the life of the site an additional 5-10 years.

A new law enacted by the State Legislature in 1981 changed the entire picture for solid waste disposal. It contains many requirements and created solid waste districts throughout the state. At the time of this writing, an effort is underway to revise this law into one which would be easier for our town to afford.

In order to exercise better control and reduce expenses of the landfill operation, new dump hours and permit requirements were initiated.

In the coming year, our efforts will be directed to a recycling operation study and hopefully an implementation of this type of program. We are also considering possible uses of the area when the landfill operation is completed.

Your cooperation in keeping the landfill site one of the best in the state is greatly appreciated and your suggestions for improvements are always welcome.

CONSERVATION COMMISSION ANNUAL REPORT 1981

During the monthly meetings the Commission performed its basic functions as a study-guardian body managing the Commission's (Town's) wet and wood lands; discussing and advising on the gypsy moth; conducting the annual May roadside clean-up; and sponsoring Kathleen Wilder to Camp Interlocken, an environmental camp.

The Commission received a gift of 109 acres at the base of Cobb Hill from the Cobb Hill trust, with use limited to normal maintenance, emphasizing no harvesting, excavation, or building. This "old blueberry pasture", located south of the Jaquith or Old Nelson Road, bordered on the west by Harrisville, was donated by the Trustees: Mary H. Fyffe, Elizabeth A. Greene and Jane P. Greene, in memorial of Sydney M. Williams of Hancock and Peterborough, New Hampshire and Wellesley, Massachusetts.
